Fayette County, Iowa
TAM SERVICE
Published by R C Booth Enterprises, Harlan, Iowa
Price \$15

The information in this directory service concerns the occupancy of Fayette County's rural homes as compiled from a careful coverage of the county during the farming year of 1954 and published by R C Booth Enterprises, Harlan, Iowa without advertising through the co-operation of Fayette County business and professional men who purchase books.

THIS BOOK HAS THREE SECTIONS

- 1--On the Township maps (arranged alphabetically) each number indicates a section number of that township. The name of each rural resident in the township is located right on the map in his correct location. (Occupied O, Vacant o)
- 2--In the Alphabetical Locater in the center of the book the occupant's name, post office address, location on the map, and indication whether owner or renter (O or R) are given.
EXAMPLE: O King, R K -----Gra Trl Oran 31. This indicated that Mr. King is an owner, "O", that he gets his mail on "Grandmound" rural route No "1", and that his location will be found in section "31" on the "Orange" township map.
- 3-- In the Mailing List Fayette County rural box holders are listed under the postal route on which they receive their mail.
